TECHNICAL SKILLS

LANGUAGES
Python, JavaScript, TypeScript, SQL, HTML, CSS, C++

FRAMEWORKS & LIBRARIES
React, Next.js, Django, Streamlit, Three.js / React Three Fiber, shadcn/ui

BACKEND & DATA
PostgreSQL, Supabase (auth, row-level security, migrations), Python data pipelines

TESTING & TOOLS
Vitest, Playwright, Git, GitHub, Vercel, VS Code

DESIGN & MEDIA
Figma (UX/UI), Adobe Photoshop, Illustrator, Blender (2D/3D animation), video editing

Htun Htun Aung

FULL-STACK DEVELOPER · SOFTWARE ENGINEERING STUDENT

SUMMARY

Full-stack developer studying Digital Media Engineering at Khon Kaen University and Computer Science at University of the People, both on full scholarships. Built and deployed production web apps with Next.js, Supabase, Django and PostgreSQL, including auth, row-level security and automated tests. Brings 5 years of teaching Python, HTML and CSS, plus UX/UI design in Figma. Seeking software engineering internships.

PROJECTS

NEXUS — 3D Developer Command Center — 2026

Next.js · TypeScript · Supabase · Three.js · Live site

Full-stack project-management app with Kanban boards, a 3D project view, row-level security and 21 automated tests.

SDG Impact Hub — 2026

Next.js · TypeScript · Tailwind CSS · PostgreSQL · Prisma · Supabase · Figma

Full-stack app on the UN SDGs, designed in Figma, with email sign-up and a Prisma/PostgreSQL backend.

Chai-Yo Para — Paralympic Athletics Management System — 2026

HTML · CSS · JavaScript · Team project · GitHub

Built the accessible public frontend of a team management system for Paralympic track and field.

Bridging the Gap: Digital Divide & Education Across ASEAN — 2026

Python · Streamlit · GitHub

Python data pipeline and Streamlit dashboard on internet access and education across ASEAN.

InternTrack — Internship Application Tracker — 2026

Django · PostgreSQL · Figma · Team project

Designed the UX/UI in Figma and built the frontend of a team Django app.

Personal Portfolio Website — 2026

React · JavaScript · CSS · Live site

Animated portfolio site deployed on Vercel with a working contact form.

EDUCATION

B.Eng. Digital Media Engineering — 2nd year
Khon Kaen University, Thailand · 100% four-year scholarship

B.Sc. Computer Science — 2nd year
University of the People (online) · 100% four-year scholarship

Fundamental Programming Languages — 2024
Spring University Myanmar, Yangon

GED Diploma — 2024

EXPERIENCE

Programming Instructor
Oct 2025 – Present
Freelance

- Teach Python, HTML and CSS through hands-on coding projects that turn algorithms, data structures and responsive design into working programs.
- Mentor students in systematic debugging and give tailored feedback on their code.

GED & STEM Instructor
Aug 2021 – Present
Freelance · GED since Oct 2024

- Teach all four GED subjects and STEM lessons across levels, with custom lesson plans, practice exams and one-on-one progress tracking.

IT Intern
May – Sep 2024
Shwe Myanmar IT, Network & CCTV Solutions, Myanmar

- Troubleshot client hardware and network issues and helped install and configure CCTV and security systems.

Student Assistant
Law Division, Khon Kaen University

- Supported document management, data organisation and digital record keeping with Microsoft Office tools.

Volunteer Computer Teacher
Jun 2022 – Feb 2023
Wiratitawya SanThida Nunnery School, Thanlyin, Myanmar

- Taught typing, Microsoft Office and basic computer skills to underprivileged students.

Earlier roles: Graphic Designer, Glory Youth Organization (Nov 2024 – Apr 2025) · Content Writer, Little Lighthouse Youth Organization (Feb – May 2024)

LEADERSHIP & INTERNATIONAL

Founder
TechTrek Edu · youth-led STEM & digital literacy organisation

- Founded and lead a volunteer team delivering STEM and digital-skills workshops for young learners, aligned with the SDGs; manage partnerships and outreach.

Participant
Aug 2026
Ming Chi University of Technology, Taiwan

- Completed the MCUT Language and Culture Camp and the Living Local, Thinking Global exchange camp with an international student cohort.

Volunteer
Jul 2025 – Present
Faculty of Engineering, Khon Kaen University

- Support engineering events, open house outreach and student club initiatives on innovation and automation.
