## PROFILE

Aspiring Digital Media Engineer and educator passionate about technology, AI, and automation, with hands-on experience teaching STEM and English, leading youth-led initiatives, and creating digital content across Myanmar and Thailand. Founder of TechTrek Edu Youth Organization and a 100% scholarship recipient at Khon Kaen University, with a proven ability to manage projects end to end, engage diverse stakeholders, and deliver community-focused programs aligned with the Sustainable Development Goals. Interested in driving innovation through technology, education, and youth empowerment within regional and international contexts.

## TEACHING EXPERIENCE

### Freelance Teacher in STEM Subjects

**August 2021 - Present**

- Designed and delivered lessons in science, technology, engineering, and math for students across varying levels
- Developed customized learning materials and hands-on activities to make complex concepts accessible
- Adapted teaching methods to individual student needs, improving comprehension and engagement
- Provided one-on-one mentoring and progress tracking to support academic growth

### GED All Subjects Instructor

**Oct 2024 - Present**

- Instruct students across all four GED subjects: Mathematics, Science, Social Studies, and Reasoning Through Language Arts
- Prepare comprehensive lesson plans, practice exams, and study resources aligned with official GED standards
- Guide students through full exam preparation, including test taking strategies and time management
- Monitor individual progress and provide targeted support to help students pass and earn their credentials

### Programming Instructor

**Oct 2025 - Present**

- Deliver structured instruction in Python, HTML, and CSS, equipping students with both theoretical foundations and practical development skills
- Architect hands-on coding projects and exercises that translate abstract programming concepts into tangible, real world applications
- Distill complex topics such as algorithmic logic, data structures, and responsive web design into accessible, learner-friendly frameworks
- Mentor students through systematic debugging and analytical problem solving to cultivate independent technical proficiency
- Assess individual progress and deliver tailored feedback to drive measurable, sustained skill development

## VOLUNTEERING EXPERIENCE

### Engineering Activities

**At Faculty of Engineering, Khon Kaen University | July 2025 - Present**

- Participated in faculty engineering workshops and technical seminars to build hands-on skills in emerging technologies
- Volunteered in student-led engineering events and open house activities to support faculty outreach
- Collaborated with peers on engineering projects integrating digital media and software development
- Joined engineering club initiatives promoting innovation, automation, and STEM awareness among students

**Digital Media Engineering Student Project**

**Khon Kaen University | Oct 2025 - March 2026**

- Applied digital media engineering principles to design and develop creative technology projects combining software, design, and multimedia
- Collaborated with classmates on team-based assignments, strengthening skills in project coordination and technical communication
- Integrated programming, graphic design, and media production to produce functional, user-focused digital solutions
- Presented project outcomes to peers and instructors, demonstrating both technical execution and creative problem solving

**Computer Teacher**

**Wiratitawya SanThida Nunnery School at Thanlyin | June 2022 - Feb 2023**

- Taught foundational computer skills to underprivileged students, supporting digital literacy and access to technology
- Delivered lessons on essential software including Microsoft Office tools, typing, and basic computer operations
- Developed hands-on, practical activities tailored to students' varying skill levels and learning needs
- Fostered a supportive classroom environment that built student confidence in using technology
- Volunteered consistently to provide continuity and meaningful learning opportunities for the community

**Content Writer**

**Little Lighthouse Youth Organization | Feb 2024 - May 2024**

- Researched, wrote, and edited engaging content for the organization's digital platforms and campaigns
- Crafted clear, audience-focused messaging to promote youth initiatives and community awareness
- Collaborated with team members to align content with organizational goals and outreach strategies
- Maintained a consistent publishing schedule to support ongoing communication and engagement

**Graphic Designer**

**Glory Youth Organization | Nov 2024 - April 2025**

- Designed visual content including posters, social media graphics, and promotional materials for youth programs
- Translated organizational messages into compelling, on-brand visual designs
- Collaborated with content and communications teams to ensure cohesive campaign branding
- Delivered creative assets on schedule to support events, outreach, and digital engagement

## SKILLS

- Management Skills
- Creativity
- Programming in Python, HTML, CSS etc.
- Problem-Solving
- Leadership
- Graphic Design
- Google tools
- Microsoft Office Suite
- UI/UX Design
- Video Editing
- 2D/3D Animation in Blender
- Adobe Creative Suite (Photoshop, Illustrator)
- Web Development
- Multimedia Production
- Digital Content Creation

## LANGUAGES

- Burmese (Native)
- English (CEFR C1)
- Thai (Basic)

## Current Movement

**Founder of TechTrek Edu**

- Founded and lead a youth-driven organization focused on advancing STEM education, technology, and digital literacy
- Design and deliver educational programs, workshops, and initiatives that empower young learners with practical tech skills
- Build and manage a team of volunteers, coordinating roles, responsibilities, and project execution
- Develop partnerships and outreach strategies to expand the organization's reach and community impact
- Align initiatives with the Sustainable Development Goals (SDGs) to promote accessible, equitable education

## EDUCATION

**2nd year student of Digital Media Engineering at Khon Kaen University, Thailand**
100% scholarship recipient for 4 years at Khon Kaen University

**2nd year student of B.Sc. Computer Science at University of the People**
100% scholarship recipient for 4 years at University of the People

**General Educational Development Diploma (GED)**
Year of Graduation: 2024

**Spring University Myanmar, Yangon, Myanmar**
Fundamental Progarmming Languages (2024)

**Pathfinder Institute Myanmar**
Grade - 12 (Online School) - 2023

## INTERNSHIP

### Internship at Shwe Myanmar IT, Network & CCTV Solutions : May to September 2024

- Gained hands-on experience in IT support, networking, and CCTV system installation and maintenance
- Assisted with troubleshooting hardware and network issues for clients
- Supported the setup and configuration of security and surveillance solutions

### Work Experience at Law Division, Khon Kaen University

- Provided administrative and technical support within the university's Law Division
- Assisted with document management, data organization, and dgital record keeping
- Supported day-to-day operations using Microsoft Office tools and digital systems

### Collaborated with youth organizations in Myanmar to implement initiatives aligned with the Sustainable Development Goals (SDGs)

- Partnered with multiple youth-led organizations to design and deliver community-focused programs addressing the SDGs
- Contributed to initiatives promoting quality education, digital literacy, and youth empowerment
- Supported project planning, content creation, and outreach to maximize community impact
- Engaged diverse stakeholders to build collaboration and drive sustainable, locally relevant solutions

### Participant, International Exchange & Cultural Programs | Ming Chi University of Technology at Taiwan | Aug 2026

- Completed two consecutive international immersion programs organized by the Office of International Affairs and the New Taipei Community Cultural Exchange Project.
- **2026 MCUT Language and Culture Camp** (*Aug 10 – 19, 2026*): Engaged in cross-cultural collaboration and language exchange with a global student cohort.
- **Living Local, Thinking Global: Cultural Exchange Summer Camp** (*Aug 19 – 21, 2026*): Participated in workshops focused on community cultural integration and English literacy enhancement.
